LOW CARBON ACTION IN MEXICO

Jesus Martinez
01/11/2016

On October 25th, 26th and 27th, the fourth meeting "Low Carbon Action in Mexico" took place in Mexico City, where Greene participated as one of the selected European companies.

LOW CARBON BUSINESS ACTION IN MEXICO

This project is funded
by the European Union

During the event, we had the opportunity to present our technology and the most important projects we are working on today, such as the ABP Pilot, to more than 30 Mexican companies with which we are working to close several CPAs With the Mexican companies that we have selected.
